

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Thursday, 26th of September

Pre-congress courses..... 8h30

Using ultrasonography for CICC placement

Rita Barroca (M.D.), Sara Carvalhal (M.D.), Rodrigo Oom (M.D.), Francisco Cabral (M.D.)

Number of registrations: 16

PICC

Rita Barroca (M.D.), Renata Bastos (R.N.), Filomena Godinho (R.N.), Ricardo Cerqueira (R.N.)

Number of registrations: 16

PIVC placement using new technologies (ultrasonography and near infrared light)

Paulo Costa (R.N.), David Adriano (R.N.), Fernando Gama (R.N.), Ana Morais (R.N.), Óscar Martins (R.N.), Sara Vale (R.N.)

Number of registrations: 20

ENFERMAGEM**

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Opening Session..... 14h00

President of the Portuguese Association for Vascular Access (APoAVa) | Anabela Salgueiro-Oliveira

President of the Nursing School of Coimbra (ESEnC) | Aida Cruz Mendes

National Director of the Infection and Antimicrobial Resistance Prevention and Control Program (PPCIRA) |

Maria do Rosário Rodrigues

Portuguese Order of Nurses | Ricardo Correia de Matos (R.N., President of the Directive Council of The Regional Centre of the Portuguese Order of Nurses)

Portuguese Order of Physicians

Opening Conference - Vascular Access: past, present and future..... 14h45

Mauro Pittiruti (M.D., Catholic University Hospital, Rome)

Panel 1 - Vascular Access Specificities: oncology and pediatric patients..... 15h30

Moderators: Rui Casaca and João Graveto

The oncology patient

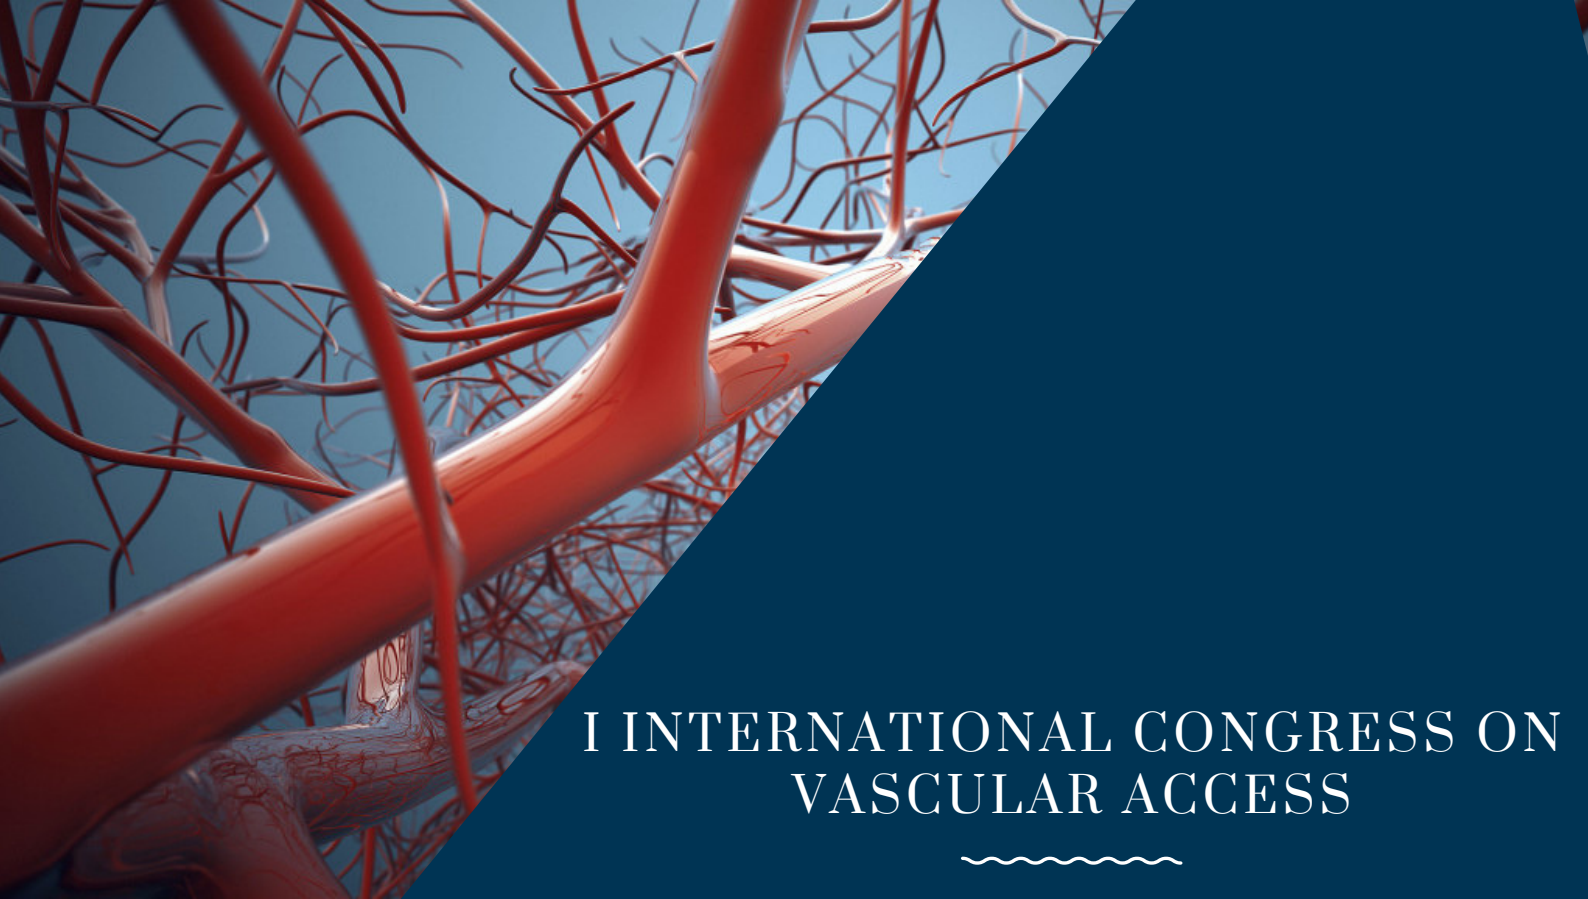

Teresa Dias (M.D., IPO Porto) | Vascular Device Selection in the Treatment of Oncology Patients

The pediatric patient

Maria Knoblisch (M.D., CHLC) | Vascular Access in the pediatric context

Elsa Cardoso (R.N., CHUC) | Nursing practices in epicutaneous catheters in neonatology

Coffee-Break & Poster Exhibition..... 16h30

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Panel 2: Vascular Access Specificities: intensive care and hemodialysis settings..... 16h45

Moderators: Rui Casaca and Daniela Santos

Intensive care patients

Filomena Faria (M.D., IPO Porto) | Vascular Accesses in the Intensive Care Settings

Hemodialysis patients

Fernando Caeiro (M.D., CHLC) | CVCs in Hemodialysis - Difficult accesses and less frequent insertion points

Gabriel Alpalhão (R.N., CHLC)

Satellite Symposiums..... 17h45

Congress Dinner (República da Saudade) 20h00

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Friday, 27th of September

Oral communications..... 8h30

Panel 3: Patient safety - medical devices and equipments..... 9h30

Moderators: Pedro Parreira and Marta Romano

Ultrasound and near infrared light

Rita Barroca (M.D., IPO Lisboa) | Ultrasonography in CVC

TecPrevInf Project (UICISA: E, ESEnfC) | The use of ultrasonography and near infrared light devices in peripheral catheterization

Dressings and other fixation devices/techniques

João Paulo Bessa (R.N., CHUSJ)

Connectors and catheter association systems

José Martinez (R.N., IPO Porto)

Coffee-Break e Poster Exhibition 10h30

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Panel 4: Vascular Access Teams 11h00

Moderators: Luciene Braga and José Martinez

The experience from a team in Spain

Victoria Armenteros Yeguas (R.N., OSI Araba Hospital Universitário)

Arantza Tomás López (R.N., OSI Araba Hospital Universitário)

The experience from a team in Portugal

Mónica Rebelo (R.N., UMAD, Hospital de Guimarães)

Lunch 12h30

Panel 5: The decision-making process in the selection of a vascular access and device..... 14h30

Moderators: Sara Carvalhal and Aida Santos

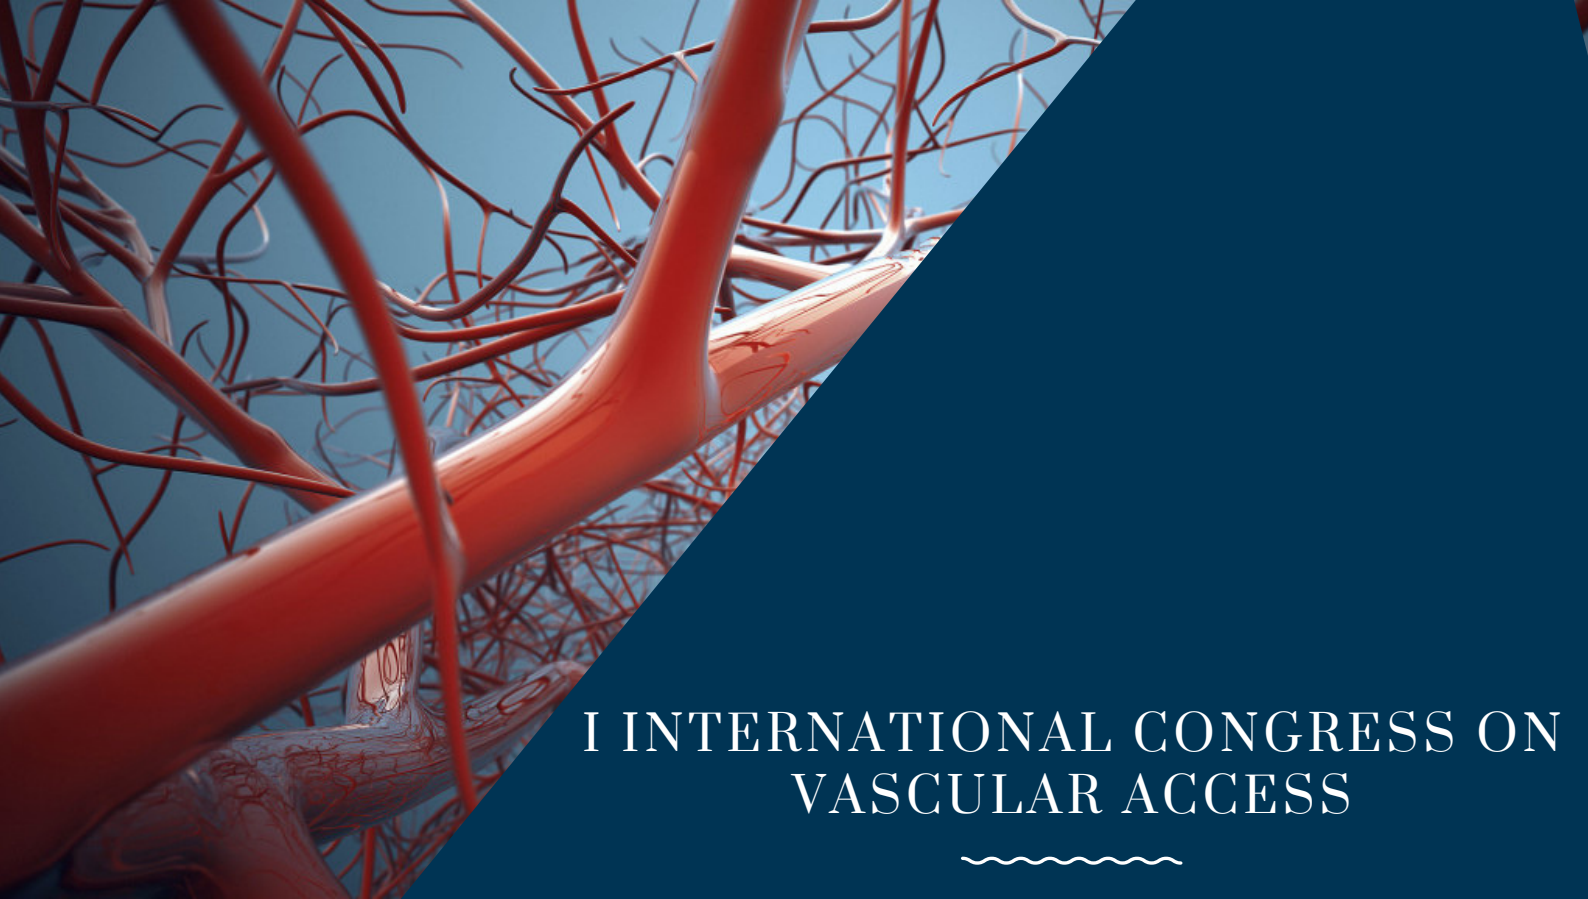

PICCs and Midlines: viable options to CVC

Palloma Ruiz (R.N., GruMAV Co-Founder)

Decision algorithms

Rodrigo Oom (M.D., IPO, Lisboa)

The patient's role in the selection and maintenance of a vascular access

I INTERNATIONAL CONGRESS ON VASCULAR ACCESS

Panel 6: Complications and preventive practices 16h00

Moderators: Teresa Dias and Anabela Salgueiro

Microbiological contamination and infection risk

Nádia Osório (Professor, ESTeSC-IPC)

The antiseptic and disinfectant for prevention of vascular access

Daniela Brandão (IPO Porto)

Catheter obstruction and the importance of flushing

Pedro Parreira (R.N.) and Inês Marques (Researcher) | The optimization of the flushing process: laboratory evidence

CVC-related complications

Nuno Almeida Sousa (M.D., Porto) | Evidence in interventional radiology

Closing Ceremony and Award delivery (for the best oral communication)..... 17h30
